

PLAYGROUND PLANNING CHECKLIST

(Your Design Consultant will work through this checklist with you!)

Please provide this form along with a scaled and/or dimensioned drawing of your play area to help us plan a creative play environment for your facility. Provide photos of the play area from different views. Incomplete or inaccurate information will decrease the accuracy of our plan and could result in additional costs during installation. Please allow two weeks (minimum) for completion of plan and proposal. Thank you!
